6) **Total Number of Interviewees Referred:** For the period from May 23, 2016 to May 22, 2017, this Employment Unit interviewed 31 interviewees for 11 full-time job vacancies.

7) **Supplemental Recruitment Initiatives.**

(a) **Initiative: Training of Station Personnel**

Production Department Training Program

The Employment Unit has established a training program, designed to enable part-time station personnel to acquire skills that could qualify them for higher level positions. The Employment Unit has 3 entry level part-time positions in the Production Department, covering various studio jobs (camera, audio, teleprompter, graphics, etc.) and 1 entry level paid intern position in the news department giving exposure to various news jobs (writing, shooting videos, editing, etc.). The Operations Manager and News Director oversee this program, and these employees receive training through shadowing and interacting with the full time staff on a daily basis. These part time employees work closely with more experienced full time employees in order to gain the skills needed to qualify them for promotion to higher level full time positions such as audio operator, character generator/graphics operator and possible full time employment in the News Department. This program has resulted in many internal promotions.

Within the past reporting year, one Part Time Production Assistant has been hired to a full time position as News Video Editor.

Initiative: Establishment of a Mentoring Program for Station Personnel

Mentoring of Station Personnel

Ten full time employees were promoted after participating in an informal professional coaching/mentoring program established by KTVN. Entry level commercial producer/director to commercial producer/director. Video Journalist to Reporter. Sales Account Executive to Local Sales Team Development Manager. Video Editor to Entry level commercial producer/director. News Producer to Nightside Assignment Editor/News Producer. Associate News Producer to News Producer. News Photographer to News Photographer/Satellite Truck Operator. Associate Producer to Video Journalist. Two new positions were created in News: Executive Producer was filled by former Video Journalist and Traffic Reporter was filled by former Reporter.

These employees were coached by the News Director and Operations Manager to give them career guidance and help them improve their skills to a level of competence that allowed them to succeed in these career advancing promotions.

(b) **Initiative: Internship Program**

KTVN offers paid internships across the fall, spring and summer semesters. Priority is given to Journalism students who need internship credits to complete their college curriculum. The overall goal of the internship is for students to get a thorough understanding of the various jobs and activities involved in producing daily newscasts. Interns have the opportunity to rotate through those various positions and work alongside professionals to learn writing,

producing, reporting, shooting and editing, all skills needed for broadcast employment. During the reporting period KTVN hired four interns. One intern was hired as an Associate Producer and then was promoted to Video Journalist when that position opened.

(c) Initiative: Participation in Events Sponsored by Educational Institutions Related to Career Opportunities in Broadcasting

On November 3, 2016, a News reporter attended a Career Fair at Spanish Springs High School with about 100 students in attendance.

On Thursday, February 16, 2016 – KTVN’s Meteorologist represented KTVN at North Valley’s High School Career Fair.

On March 14, 2017, a Sales Account Executive attended a Career Fair at Reno High School and personally interviewed 5 students as part of the mock employment/college entrance interview segment.

On April 5, 2017, a KTVN Anchor attended a Career Day at Shaw Middle School.

(d) Initiative: Participation in Other Events Showcasing Broadcast Employment Opportunities

Groups of students and other groups toured KTVN Channel 2 studios. Many were also able to meet KTVN’s anchors, talk to the News Director and reporters as well as get a behind the scenes tour while the newscast was airing live. Information was dispensed about careers in journalism, television production, TV engineering and employment opportunities available in the television business.
